Hello All You Wonderful People,

Okay! Let's get the weather out of the way first. (I know a lot of you would like to get the weather out of the way – so you could get out of the house.)

We had a nice white Christmas. A lot of you had a *too* white Christmas. With that said, I hope that everyone had a safe Christmas season.

The New Year is looking good at this end – I hope it's good at your end, also.

We now have 38 quilt block sets in the Line. As of January 1<sup>st</sup>, 2013, you can buy them all individually without blocks.

I'm not going to put out monthly quilt block designs in 2013.

For those of you that teach classes every month and have been using the monthly designs for your classes – I would suggest picking out two (2) or three (3) sets that are in the Line and using them for your monthly classes. I'm enclosing new 'quilt' pages with new numbers on them.

For those of you who like doing one (1) or two (2) quilt designs a month on your own I would tell you to do the same thing.

Order your quilt blocks (P601 or P602) in January – then start ordering your quilt designs. You can order them all up-front (2 sets) or just order one set – then order the second one in June.

We have quilts in the Line that have never been offered as 'quilt of the month' designs and some that have come out over the years that you may have wanted to do, but didn't get around to them. This is the year to take care of that. Or maybe, you would like to put designs from more than one quilt together to make your own personally designed quilt. How about using a combination of regular transfers and some of the quilt designs? Just let your imagination roam and see what you can come up with.
