Hello All You Wonderful People,

We have had a rough time in the last few weeks. Our daughter, Mysti, and our grandchildren Meg, Ember and Kai, have lost their husband and father to a very short battle with a very rare and aggressive cancer.

The address for cards is: The Plummers, 707 N. Prospect, Ypsilanti, MI 48197

Mysti is our youngest daughter and she is the one so many of you have met at the workshops here. She and my husband, John, are the Color Technicians. They try to give you the colors that you want. They come up with the formulas for the paints.

I want to thank all of you that have had orders or questions in – and waited for what probably seemed like forever for me to get back to you. We spend a lot of time with Mysti and the kids – just being there for them during this tough time.

Okay – now for the rest of the newsletter. Luckily a lot of this was already written when the above started.

Since I want the folks who cannot come to the October Seminar to be able to order the new things that are coming out then – I will be getting the November/December newsletter out the week following the Seminar.

I have two (2) of the three (3) new accessories ‘in house’ that will be kicked off at the October Seminar. Accessories are things that help you to paint – like tips, Fiber Brushes, Mini Totes, all those “C” numbers. Halleen will be teaching a class with some of these at the Seminar.

I actually have the new Linen ‘in house’ for the October Seminar. My cousin, Jean, will be teaching that class, first thing in the morning on October 13<sup>th</sup>, right after the continental breakfast.

I keep a list of what paints are used in what designs. Since we have so many transfers, and I'm still bringing in old ones, I can't put this list out real often. This is several pages long, but it will help make sure that you have all the paints that you need for a certain design. I left room for you to add transfers in as they come out and put in the colors used so you can keep it up-to-date until I put out another one. We're going to try to figure out how to combine this list and the Index so that it is all together. Feel free to copy this list for your customers.

Once I get all the transfers that were originally in the black and white catalog that I put out when I first took over the Company - into the colored catalog pages - I will be putting all the transfers in numeric order. That will entail changing all the transfer pages around. At this point I still have less than a dozen transfers that are still in black and white. We will try to get them in by the end of the year in color. The transfers that are in black and white are the ones that keep their old numbers. The transfers that I bring back in the Line that were in before at some point are being brought in under new numbers. I do try to let you know what the old numbers were when I do that. I'm trying to get a list up-dated to show each transfer with all their old numbers - but that is still a work in progress and still has a ways to go.

**Monthly Special**  
**Monthly Special**

Last year when I was having the Unicorn Quilt Blocks printed - the printer made a double batch of two of the designs. I think that I will take those designs, which were UQ08 and UQ10 and put them together with a throw pillow covers (P1482) for this month's special.

**MSAUG07 = UQ08 & UQ10 plus (2) P1482 Sale Price = \$14.95** (retail=\$15.20)

These would be a great start (or continuation) of your holiday gifts. They would, also, sell well at up-coming craft shows.
