Hello All You Wonderful People,

John is doing wonderful. He's walking with a cane and doing some driving. (I won't let him drive if the roads are bad. I don't think he needs to have that extra worry.)

He was so surprised when he started getting cards. He really enjoyed them. Thank you so much.

You all have kept us so busy filling orders that I haven't had time to get the newsletter done. **Thank you!!!**

### New Paints

We have a new paint this month – 192 – Antique Silver. This is a paint that many of you have asked for. I hope you like it. It is a nice three (3) color match with 130 as the lightest, then 192, then 138 as darkest. John and Mysti did a good job as usual.

Price of the IK (1 of each paint) went up to \$279.96.

I have an \*idea for you. My sister, Yvonne, wants to make 'Calendar Towels' for gifts for next year. You would put a 2008 calendar on the Flour Sack Towels (P327/P328) – then put transfers around the calendar to give to friends and relatives. When the year of 2008 is over with they can use the calendars for dish towels. All you would have to do is make a hem at one end to put a dowel through so it could be hung. Let me know what you think. If enough folks are interested, I will get a 2008 calendar transfer made.

Another \*idea is from Sandy Wadelton in Leesburg, Florida. Her students are making a Mini Flag (P322) for each month of the year. This gives them a chance to figure out what they are going to be doing for the following month and order ahead so they always something in the works.

Another \*idea, (I'm sorry that I didn't write down who it was from), is to cut the Flour Sack Towels in half and make tea towels.

I have had people asking for smaller and larger quilt blocks. If you are interested in doing that, I sell the material in one (1) yard (P591) (P599) and in three (3) yard pieces (P4010) (P4011). These pieces are so you can cut your own quilt blocks in the sizes that you want.

Some of you got an email from my Web Master, Raz (Ralph Schlegel), telling you about the new and improved web site that was going to go up in a few days. This has not happened yet. There's some kind of glitch. He discovered it the night that he stayed up really late (so as not to have the Web Site down during prime looking times). He is trying to get it straightened out. It's getting closer, but it's not done yet. Don't give up on it because it's going to be easier and better.

Those of you who order by email or phone will have the chance to order through the Web Site any time of the day or night – and still get your discounts (if you have copies of your tax licenses in to me. You will be given special pass words to go to that section of the order blank.) This doesn't mean that you have to order from the Web Site, just that you can if you want to.

The new Site will also, give you a chance to pick your shipping and exactly what it is going to cost you. That will be better for all of us instead of the 'flat-rate' shipping that I use now.

You will, also, be able to start an order one day and finish it later. Everything will stay in your 'cart' until you take it out or complete your order and send it.

Raz has been working on it for months. I'm really looking forward to seeing it.

## Transfers

Here are four (4) new transfers. Enjoy!!

T4754-Lion's Head

T4755-Lady Rose

T4756-Easter Designs

T4757-Cracked or Scrambled

These are all nice and easy to do.

The Lion is done with a brush and tip or feather stroking and tip. Addy Radford, in Florida, specifically asked me for a lion. Addy, I hope this works for you.

Lady Rose is mainly outlining with just a hint of shading in her rose and her eye shadow.

The Easter designs are just outline and fill-in with no shading, but using the newest colors.

And last, but not least, Cracked or Scrambled is outline and fill-in with a little shading in the flower and the outfit. Christie Lee came up with this one.

I hope you enjoy them all.

# February Quilt Blocks

You can buy all of these right now. As each quilt of the month comes out it is added to the ones that are already out, so if you haven't started getting your quilt blocks of the month before, you can catch up at any time.

## Monthly Special

Let's take one transfer (T4757-Cracked or Scrambled) and put it on a Mini Flag (P322) for \$6.75 as a special for the month of March 2008.

When it's done you can give it to a friend or make a bunch of them to sell at Craft Shows. Either way, it will go over really well.
