Hello All You Wonderful People,

While I was at Monroe Fair some of my 4Hers and parents of same, came up and told me I should see how they placed with our paints and transfers. So I toddled off down to the 4H building with my trusty camera and got these two (2) pictures. I want to congratulate Amanda and Cheyenne on their ribbons. GOOD JOB!!!!

Mikayla and James had entries, also, but my camera ran out of batteries at this point. Sorry you two. You did a good job!!!

All of you distributors and instructors out there should remember that 4H groups are a good source of satisfaction as a teacher and good source of revenue. You can go in and teach the individual groups of young people, or you can teach groups of leaders. Try it – you'll like it.

Here is picture of my fair booth for those that are interested in doing fairs or craft shows. It doesn't take a lot of room if you remember to have drawers and shelves to put everything in or on. You can show off painted items by using them for covers on everything.

This is Lori Bartlett's Cameo booth at the Jackson Fair this summer.

Again, you can see that you don't need a lot of room for a nice looking arrangement.

She used painted items to cover the shelves and what was on them. Yet, she could carry a nice selection of everything that we carry to sell + a work area to show folks how easy painting is.

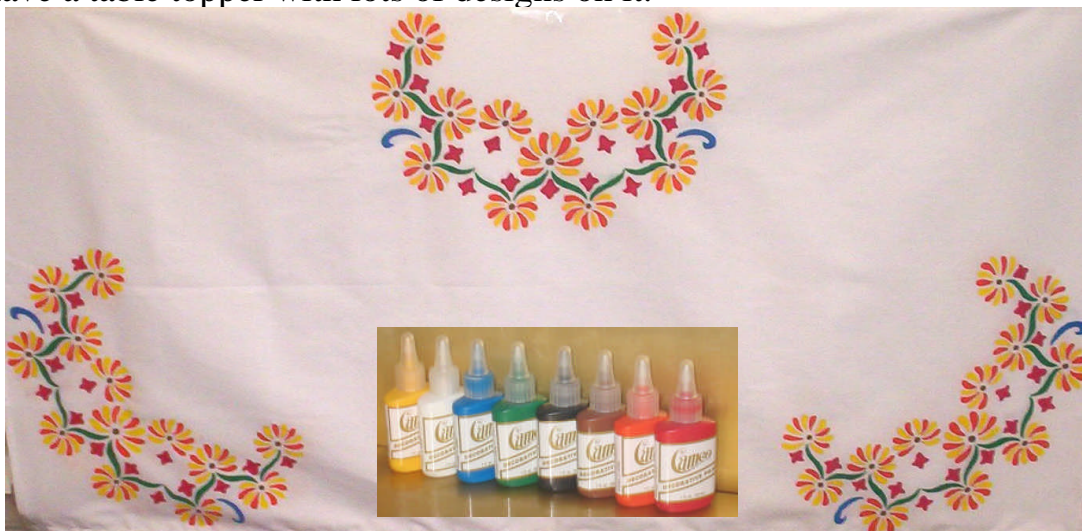

Here is the second Gift Set: You get a Table Topper (P1220) + a Primary Kit (K004) + a Sandpaper Blotter + four (4) transfers (T4565) + directions on placement of transfers on a tablecloth. (Order under **GS2**)

You get all of this for **just \$45.00**. The normal retail cost on this would be \$53.00. You **save \$8.00** and get a great gift for someone for the holidays, birthdays, wedding showers, new home gift, etc. By putting a Primary Kit in there instead of just the colors that I think you need – the recipient gets to choose the colors for the Table Topper that goes with their décor.

The Table Topper is 52" x 52" and can be used on a small table as a regular table cover or on a bigger table, placed cat-a-corner, as a table topper.

You can do the transfer in blue and green if you want or any combination of colors that are in the Primary Kit.

You can put the transfer just as a center design or you can just put it in the corners or maybe in the center of each side or maybe you can combine all three ideas and have a table topper with lots of designs on it.

Now I want to introduce our newest kit. It's is an old number – but a new kit.

K007 – Country Kit - \$37.75 Retail = \$41.95 Savings = \$4.20

This kit includes the Mini Tote (C349) and 12 of our country colors.

The colors are: Greens = 119 & 193; Blues = 152 & 153; Browns = 168 & 302; Pink tones = 154 & 154 & 156; Orange to Light Yellow = 169 & 149 & 195.

If you set these up together you will see that Mysti has come up with a good country combination. She worked with it for a while, since we have more that 12 country colors, and she tried to set up the best combination that she could. It was really fascinating to watch her put them together and put splotches of paint down to make sure they were all in the right family. She would pick up other colors – then put them back – then pick some of them up again. It took a while for her to use her extremely practiced eyes to spot just the right color combination for us.

Thanks Mysti!!!!

Transfers

Now to go along with this great kit I want to introduce the **Country Cousins – T4773**. They use the exact colors that are in this fabulous kit. I think they are just cuter than heck. What do you think?

To go with our new Old Fashioned Snowmen Quilt I want to introduce **T4775 – Snowman w/ Tree**. You can use this for a matching throw pillow – or – one lady in Ohio is doing 20 of them on shirts for gifts. I think you will get lots of use out of this one.

Monthly Special

The monthly special for September 2008 (MSSEPT)* will be the K007 and the T4774. The Special price is **\$37.75**. Yes! I'm throwing the new transfer in free. That means at \$37.75 you are **saving \$5.85** on this great combination.

This Special would make a nice gift for someone for the holidays. It gives them the transfer and the paints to paint it. It looks great on a shirt, so maybe you want to buy them a plain shirt to go in the present and they are good-to-go.

September Workshops

September 18th – Here – 11:00 AM & 7:00 PM
